

SILVERWEEK[™] · HEALTHY EATING ·

COOKING IN THE SUN

Let us help you to get the most out of the best future investment that you can make: YOUR HEALTH. Our exclusive healthy holiday **SILVERWEEK™ experiences** combine the support of specialists with the unique features of the Costa del Sol to generate great experiences that you won't be able to forget. You will also learn new habits that will change your life.

Our proposal **to enjoy a quality, long and independent life** is based on programmes that are specifically designed to generate emotions and positively motivate you in four key areas:

- Healthy body
- Healthy relationships
- Healthy mind
- Healthy eating

In order to age in an active way, not only do we have to be informed about how to improve our health, but we have to change our lifestyle.

We can begin this change by understanding that first we have to get rid of our bad habits. Once this has been done, we can start to learn and acquire new habits related to the four key health pillars.

Join us and embark on this new journey. Come to the Costa del Sol to receive that dose of health and wellbeing that you need so badly!

COOKING IN THE SUN **SILVERWEEK™**

SILVERWEEK™
• **COOKING IN THE SUN** •

Our objective is to help you to broaden your knowledge about the four key health pillars through our platform and our healthy holiday SILVERWEEK™ experiences. For one week, we will focus on all four of the basic pillars on which our health and wellbeing are based: Healthy body, Healthy relationships, Healthy mind and Healthy eating. The COOKING IN THE SUN SILVERWEEK aims to bring you closer to the basic principles of healthy eating, from quality ingredients to their practical use in meals, helping you to be more healthy whilst still enjoying delicious food.

· COSTA DEL SOL ·

COSTA DEL SOL · **WELLBEING** ·

All of our healthy holiday SILVERWEEKTM experiences are carried out on the COSTA DEL SOL. The Costa del Sol is a unique spot in Europe. It has an extremely mild climate with an average annual temperature of 19°C and over 300 days of sun each year.

A close-up photograph of a terracotta bowl filled with a smooth, vibrant orange soup. A small garnish of fresh green basil leaves is placed on the surface of the soup. In the background, out of focus, are several ripe red tomatoes and more green basil leaves, suggesting a fresh, natural ingredient list. A semi-transparent white horizontal band is overlaid across the middle of the image, containing the text.

Day 2
Let's get
started!

Begin your
SILVERWEEK™.

GASTRO ART

We begin with a series of exercises led by our personal trainer. Following this workout, taste the natural energy with the smoothie of the day, a healthy habit that you will love. This is also included in the hotel breakfast.

We take a short trip by our private bus (17km/30min) to the **LABORATORIO DE SABORES**, a cooking school where we will learn some top tips from the resident chef on how to cook more healthily whilst still eating tasty food, with recipes that are quick and easy to follow. Whilst one half of the group goes on a guided tour of the **PICASSO MUSEUM** and the **CARMEN THYSSEN MUSEUM**, the other half will remain at the school to prepare some appetisers and the food for our artistic "Picasso Menu" that we will all enjoy later on. After the lunch, we will head to the hotel to have some rest.

In the evening, we take a short trip by our private bus to the town of Cartama (18km-30min) to visit **HACIENDA LA ESPERANZA**, a magnificent traditional country house which is dedicated to the breeding and training of pure Spanish-bred horses. It is located in a privileged spot, the Guadalhorce valley, right in the heart of nature and surrounded by fertile land featuring an abundance of fruit trees. Here, we will enjoy a show that brings together dressage and flamenco dancing for a truly magical experience. We will also taste the flavours of different Spanish specialities for dinner, hosted by the owners of this country house.

Once back at the hotel, you can enjoy some free time and the lively atmosphere of the promenade.

We continue with your SILVERWEEK™.

VIRGIN OLIVE OIL

We begin with a series of exercises led by our personal trainer. Following this workout, taste the natural energy with the smoothie of the day, a healthy habit that you will love. This is also included in the hotel breakfast.

We take a short trip by our private bus (82km/1:30h) to the town of Bobadilla to visit one of the oldest oil mills in the world. **FINCA LA TORRE** has more than 2,000 years of history related to the cultivation and trade of this bottled "green gold".

We will get to know, at first hand, the secrets that have helped the oil produced here to win some of the most important international prizes year after year. At the same time, we will also enjoy lunch outside in this marvellous setting with a 1 km long avenue lined with palm trees, 376Ha of olive groves, green pastures and pine trees.

In this stunning scenario, we will participate in the preparation of a typical countryside meal prepared by our chef who will use local products and of course, world class pure virgin olive olive.

After lunch, we will head back to the hotel, take some rest, enjoy some free time and get ready for a short walk to Puerto Marina, where we have our dinner plans at **EL MERO** Restaurant, a classic choice in the area where you can enjoy different Spanish specialities in a wonderful setting over the marina.

**Our
Philosophy.**

Healthy mind

The balance between a person and their sociocultural environment.

Healthy body

The physical condition of the body.

Healthy eating

Balance and variety are key to a healthy lifestyle.

Healthy relationships

State of wellbeing related to the interaction with others and with participation in society.

Healthy body

You control your body

And not only the voluntary control of your muscles, but also the “involuntary” actions that we create as daily habits.

In order to look and feel better, you have to get moving. Get active by changing small routines such as going up stairs, walking to the shops or visiting Friends. Walk the dog, learn to dance Zumba or start doing a sport, when possible, outdoors.

There are thousands of fun and simple ways of doing exercise and improving your health. Chose your way.

Healthy mind

**Always be
positive**

Remaining young, keeping active and continuing to enjoy life is all in the mind. Happiness can be trained. Work on your health to keep your self-confidence strong and to develop more skills.

Our brains are prepared for continuous learning, to process new stimuli and experiences, to be open to creativity and emotions, to continue to grow and evolve as a person.

Healthy eating

**Tell me what
you eat...and I'll
tell you how
long you'll live**

Healthy food is the base for everything else. It is good for you to know what you eat, discover new foods and learn how to prepare them in such a way that they provide your body with what it really needs to work better and prevent illness.

Enjoy food, make the most of the advantages of the Mediterranean diet and feed your soul with the smells, colours and textures of a varied and balanced diet that will help you to be more healthy.

Healthy relationships

**The joy of
sharing
experiences
with other
people**

We are social beings by nature. With the family, at home, at work, with friends... there is a continuous interaction with other people. We like to be considered as trustworthy people, and to have other people in who we can trust.

Enjoying people that are close to you, getting to know new people and establishing new bonds and relationships are all factors that make us active people in society.
